User Stories

User Story 1:

In order to be able to offer material/food aid to
refugees/war victims
As a manager of the placement center for refugees/victims of
war
I would like to have the opportunity to post requests/to
search offers to find donations from associations that do
charity actions

Acceptance criteria

* A request can be initiated only if it is accompanied by a
signed document
* A response to a donation offer/ donation request can be
made only by a verified (accepted by admin) placement center.
* For each donation offer can apply only one time

User story 2:

In order to be able to offer material/food donations to
refugees/war victims
As a project coordinator within a charity association
I would like to have the opportunity to post
donations(material/food) offers/ to respond to requests from
placement centers to find beneficiaries for these donations.

Acceptance criteria

* A donation offer can be posted only if it is accompanied by
a signed document and is verified(accepted by admin)
* An association can post unlimited donations offers.
* For each donation request can respond only one time

User story 3:

In order to be able to control everything that happens on the
platform
As a platform administrator
I would like to have the opportunity to accept only verified
associations/ placement centers, see details, delete users and to
see reports.

Acceptance criteria

* The reports can be viewed at any time
* To accept/verify an user(association/replacement center) there
should be an uploaded document
* Users details can be viewed at any time
